To our valued customers,

RE: California Proposition 65 Warning Labels

In 2016, the State of California amended its Safe Drinking Water and Toxic Enforcement Act of 1986, known as "Proposition 65 or Prop 65." This amendment modifies regulations related to product warning labels. Generally speaking, Prop 65 requires that businesses operating in California, as well as businesses marketing products that could find their way into California, provide "clear and reasonable" notification to Californians about the presence of certain chemicals in the products they purchase.

California has published an expanded list of more than 900 chemicals covered by Prop 65.

This letter is to notify you that Suburban Manufacturing Group will be making the necessary changes on our product labels to comply with these new labeling requirements. These changes will be in effect by the mandatory California implementation date of August 30, 2018. Examples of updated product label warnings are shown below.

Tsunami and Lube Minder brand products example:

**WARNING:** This product can expose you to chemicals including lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

Python, Sidewinder, and Diamondback brand products example:

**WARNING:** This product can expose you to chemicals including Titanium Dioxide which are known to the State of California to cause cancer. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**We need your help.** To ensure our products convey accurate updated warnings, we ask that you review standard or private-labelled products in your inventory and/or stream of commerce and provide us with a list of these products. We will gladly provide you with new, updated product labels.

Efforts like Proposition 65 are incredibly important to our company and raising our customers' awareness is paramount. We thank you for your business and assure you that we will continue our commitment to safe, high quality products. As always, if you have questions or concerns, please feel free to contact us directly at 1-800-782-5752 or email [customerservice@gosuburban.com](mailto:customerservice@gosuburban.com)

Please take a moment to sign and return the acknowledgement below.

***I confirm on behalf of my company that we have received notification of California Prop 65 requirements.***
