Press Release

The Mine Safety and Health Administration (MSHA) grants acceptance of the Suburban Sidewinder Sleeve – 40HDA for hydraulic hose protection in mining applications.

Monticello, MN - Protective Coverings, a division of Suburban Manufacturing, has received acceptance from the Mine Safety and Health Administration (MSHA) for the “Suburban Sidewinder Sleeve – 40HDA” to be used as a hydraulic hose protective sleeve in mining applications. The 40HDA Sleeve has met all requirements of the Standard Application Procedures for Acceptance of Flame-Resistant Solid Products Taken into Mines.

Peter Thompson, CEO of Suburban Manufacturing, commented “We are pleased to receive acceptance from MSHA to use the 40HDA sleeve in mining applications. With the approval of this product, we can continue to strengthen the impact of our business in another unique industry.”

SUBURBAN MANUFACTURING, INC.

At Suburban Manufacturing, Inc., our mission is to build value for our customers by producing quality, innovative, engineered, application-based products. Suburban is an engineering driven organization that partners with our customers to design and develop unique and specific solutions for multiple application needs in the Agriculture, Construction, Defense, Hydraulics, Industrial, Paint Refinish and Oil & Gas markets. In addition to custom engineered solutions, Suburban offers a complete line of standard products sold under the Tsunami, Lube Minder and Protective Coverings brands. Suburban is a woman owned small business and ISO-9001:2008 Certified Manufacturer.
