

Industrial Grade Utility Station

P/N 21999-0081

The Industrial Grade Utility Station is designed to eliminate problems found in commercial grade boxes.

Why Tsunami?

- Easy to install
- Adapts to any lift or body shop work area
- Electrical outlets equipped with 20 amp industrial GFI protection
- Air service through 2 outlets: one non-lubricated for blow off or tire inflation; one lubricated for pneumatic tools
- Electrical outlets located above the air service to prevent moisture damage and tangling
- Air service filter element and lubricator filler port are easily accessible
- Powder coated finish for durability and long life

The Utility Station comes pre-drilled and mounts easily to any lift. Be sure to mount in accordance with all state and local codes.
