

WORLD CLASS CLEAN AIR TECHNOLOGY

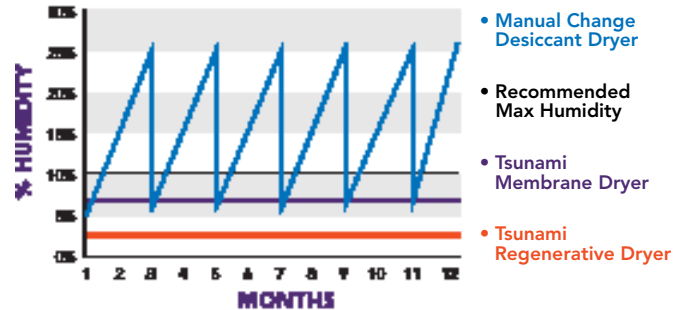

PURE-5T DRYING SYSTEM

Whether supplying air to your entire operating or isolating a specific tool or application, Tsunami's Pure-5T regenerative dryer provides the best world class level of air cleanliness at a more affordable **price**.

The Pure-5T dryer is designed as a complete package and includes inline pre-filtration to remove bulk liquids and fine particulates. It serves as the perfect replacement for decafant pots and includes a 1-gallon tank to provide storage and eliminate dryer bounce.

PURE-5T

- Tsunami pre-filtration
- Compact, wall-mountable design reduces footprint
- Dew points down to -80°F
- Relative Humidity down to .01% RH
- Eliminates dryer bounce
